

HARSH TYAGI

B.Tech Computer Science & Engineering (AI & ML) | Lovely Professional University

Email: Tyagih193@gmail.com | Mobile: 8077227129

LinkedIn: <https://linkedin.com/in/harsh-tyagi-257415379>

GitHub: <https://github.com/iamharshtyagi-crypto>

LeetCode: <https://leetcode.com/u/iamharshtyagi121>

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, HTML, CSS, SQL

Databases: PostgreSQL, MySQL

Frameworks & Tools: FastAPI, Git, GitHub

Data & Machine Learning: NumPy, Pandas, Scikit-learn, Data Preprocessing

Soft Skills: Problem Solving, Adaptability, Consistency

PROJECTS

Email Spam Classifier | Python, Jupyter Notebook, Scikit-learn

July 2026

- Developed a machine-learning project focused on classifying emails as spam or legitimate.
- Worked with Python-based data processing and machine-learning workflows for text classification.
- Implemented the project as a Jupyter Notebook and maintained it as a public GitHub repository.

PashuScan | Python, YOLO, Flask, Computer Vision

April 2026

- Developed an AI-based system for identifying cattle and buffalo breeds from images and webcam input.
- Used a YOLO-based deep-learning approach for image analysis and breed recognition.
- Built the application around a Python/Flask backend with model inference and confidence-based predictions.

Campus Food Stall Rating System | HTML, CSS, JavaScript, FastAPI, SQL

Oct 2025

- Developed a web application for discovering campus food stalls and viewing dish-level ratings and reviews.
- Designed a FastAPI backend with database models for users, stalls, dishes, OTP authentication, and reviews.
- Implemented REST API endpoints for authentication, stall information, search, ratings, and reviews.

EXPERIENCE & ACTIVITIES

Community Development Program — Cybersecurity Awareness | WNS CyberSmart

- Conducted cybersecurity awareness activities for 30 students under the WNS CyberSmart initiative.
- Helped students complete the CyberSmart course and obtain their course certificates.
- Promoted practical awareness of cybersecurity and safe digital practices.

CERTIFICATIONS

- CS107: C++ Programming | [Link](#)
- Introduction to Cyber Security — Infosys Springboard | [Link](#)
- Computer Programming — NeoColab | [Link](#)

Feb 2026

Mar 2026

May 2026

ACHIEVEMENTS & ACTIVITIES

- Active problem-solving practice on LeetCode.
- Maintains public programming and machine-learning projects on GitHub.
- Participated in hackathon and technical activities during undergraduate study.
- Developing practical skills across software development, machine learning, databases, and web technologies.

EDUCATION

Lovely Professional University, Punjab — Bachelor of Technology, Computer Science & Engineering (Artificial Intelligence & Machine Learning) | **CGPA: 9.60** | Aug 2025 – Present

Global Public School, Dhanaura, Amroha, Uttar Pradesh | Class XII: **93.8%** | Class X: **96.4%**
